

...In which we wish to present

The new development which will have (6) single family structures and (6) multi-family structures. There will be (3) single family structures fronting Sexton Road, (1) single family structure fronting Oak Street, and (2) single family structures fronting Lynn Street. (2) Duplex multi-family structures will front Lynn Street and (4) multi-family structures will front a new street on the interior of the site. The new street will have one curb cut on Lynn Street between the (2) new duplex multi-family buildings. The street will extend north on site with a 90 degree turn and extend to Garth Avenue with a single curb cut. The street will be asphalt paving on granular base and have concrete curbs and 5 foot wide concrete sidewalks. Surface parking for the multi-family dwelling will be a combination of parallel parking along the street and multiple parking pads.
